

WEIDEMANN

designed for work

Product data sheet

Model T5522 Telescopic from BYMO®

Article number: 19550270 - PU 1

Small in size, unmistakably a Weidemann
This model of the Weidemann T5522 telescopic loader is designed for collectors who value superb detail even on a small scale. The design closely follows the original and comes in a matching Weidemann box. A model for adults and children alike, which looks just as good on a shelf as it does on a desk or for playing with.
