Metal Kit construction kit Tronico®

Article number: 19583015 - PU 1

Screws, Building, Weidemann

With this metal construction set, you can build the Weidemann 9080 wheel loader yourself, piece by piece. Screws, nuts and printed metal parts fit together perfectly, turning lots of individual parts into a model that really looks the part. For anyone who loves tinkering, building and wants to do more than just look at Weidemann.
